1. In the east, the place of dawn, there is beauty in the morn,
here the seeker finds new visions as each sacred day is born;
All who honor life around them, all who honor life within,
they shall shine with light and glory when the morning breaks again.

2. In the north, the place of growing, there is wisdom in the earth,
both the painful song of dying and the joyful song of birth;
As the earth gives up her life blood so her children's hearts may beat,
we give back to her our rev'ence, holy ground beneath our feet.

3. In the south, the place of wisdom, there is holy darkness deep,
here the silent song of myst'ry may awake you from your sleep;
Here the music still and holy sound beneath the cold and night
in the ones who wait with patience for the coming of the light.

4. In the west, the place of seeing, there is born a vision new
of the Servant of the servants, who proclaimed a Gospel true;
Let the creatures of creation echo back creation's prayer,
let the Spirit now breathe through us and restore the sacred there.
